#StandForUkraine

Current situation

- Ukraine is a big European country with strong agricultural tradition.
- There are a lot of high-quality FMCG producers.
- Market shrinks nearly 50% as a result of the war while a lot of producers still have a production capacity

What We do

- We create a bridge between the Ukrainian producers suffering from the war and European retailers in order to support Ukrainian economy.
- 10% of the revenue generated we allocate for humanitarian needs together with  KLITSCHKO FOUNDATION to supply food for the citizens which lost the access to regular food supply .
